

Quick Start Guide:

Step 1: Fully charge your iPad Case / Keyboard.

For first use, please charge with supplied USB cable for at least 3 hours.

Step 2: Power on your iPad.

Step 3: Push the **“Power”** button to turn the keyboard ON. The Power and Bluetooth Indicators will stay lit for 5 seconds.

Step 4: Press the **“Connect”** Button on the Keyboard.

Step 5: On the iPad, tap **“Settings”**. Within the General tabs, select **“Bluetooth”**. The iPad should now be searching for the Bluetooth Keyboard. Wait for **“Bluetooth Keyboard”** to appear under Devices.

Step 6: Tap on the **“Bluetooth Keyboard”** to connect. It is required to type in a Pass Key (Pass Key will be shown on the screen). After entering the Pass Key, Press Enter.

Your Device Is Now Synced!
