2,200mAh Power Stick

Model:

JS-160-2200

USER MANUAL

BEFORE INSTALLING AND USING THE PRODUCT, PLEASE READ THE INSTRUCTIONS THOROUGHLY, AND RETAIN THEM FOR FUTURE REFERENCE.

PRODUCT OVERVIEW

1. USB Output Port for Charging External Devices
2. Micro USB Input Port for Charging Power Stick

Included: (1x) Power Bank and (1x) Charging Cable

SPECIFICATIONS

To ensure safe operation, check your device's compatibility with Power Stick specifications prior to use.

Capacity: 2,200mAh

Battery Cell: Lithium-Ion

Input: DC 5V 800mA

Output: DC 5V 1.0A

Charging Time: 4-5 hours

Cycle Life: ≥500 times

Weight: 119g

Dimensions: 3.6 x 0.8in
92 x 22mm

USE

Charge the Power Stick until it is fully charged. This may take up to 4-5 hours and may fluctuate depending on the charging power source.

Important: Before first use, charge the Power Stick a full 6 hours. After the initial charge, normal charging will take 4-5 hours.

1. Charging the Power Stick:

Plug the supplied Micro USB cable into the Power Stick's Micro USB input. Next, insert the USB end of the charging cable into a computer or AC power source with a USB Output Port of 5V. While charging, the LED Indicator will light up red. Once fully charged, the LED Indicator will turn off.

2. Charging Your Smartphone, Etc:

Using your device's supplied charging cable (Apple[®] Lightning™ cable, Micro USB cable, etc.), plug your smartphone, tablet or other USB powered device into the USB Output Port of the Power Stick. The LED Indicator will light up blue. Charging will continue until your device is fully charged or the Power Stick has drained.

Important: Please check for voltage compatibility with your device prior to use.

PLEASE NOTE

- The Power Stick comes pre-packaged with a partial charge, NOT a full charge. We recommend fully charging your Power Stick before first use for best performance.
- If your device (smartphone, tablet, etc.) is not charging, this may be a sign that the battery level of the Power Stick is very low and you need to recharge it.
- Your Power Stick includes a special Micro USB to USB cable. Some devices, namely BlackBerry® devices, REQUIRE this cable for charging. If you do not use this cable, your device might not charge.
- Some devices require you to turn OFF the device prior to charging via the Power Stick. If the device is left ON and plugged into the Power Stick, the device will show a small red “X” over the battery icon signifying that it is not charging. There is no need for concern, this will not harm your device. Simply turn OFF your device to continue charging.
- It is normal for the Power Stick to become slightly warm during use.

MAINTENANCE

In order to keep your Power Stick operating at maximum potential, please follow these guidelines:

1. Recharge the Power Stick every 2 months when not in use. Charge to at least 40%, as this will extend the battery life.
2. Keep your Power Stick dry and away from moist and corrosive materials. DO NOT get wet. In addition, never expose to high heat environments. Avoid extreme temperatures of hot or cold as it will decrease the overall battery performance.

CAUTIONS

Please read this section carefully before using.

- Only use this product with confirmed power sources that follow device specifications. Device is intended to be used with iPhone®, mobile phones and other digital products. Only use specified charging methods or reputable branded chargers that are compatible with device specifications.
- Do not use product beside or in close proximity to a heat source such as a ventilation heat vent, convection heater, burner, etc.
- Do not expose device to moisture or submerge it in liquid. Do not leave device inside an excessively hot or cold environment. Store device in a cool and dry environment at all times.
- Avoid dropping or applying excessive shock and force to device. Do not use in unprotected outdoor environments or in exposed sunlight for a prolonged period of time.
- Do not use device in a confined space. Restricted or insufficient airflow will put device at risk of overheating.
- Avoid touching metal prongs when plugging and unplugging device from power source.
- Do not use harsh chemicals to clean device. Use a damp cloth with warm water to wipe off any dirt. Only clean the device when it is unplugged from any power source.
- Ensure charge port is clear of any foreign objects before using. Do not force incompatible connectors into any port.

- Do not use damaged cables and wires on device. Avoid using cables to charge Power Stick other than supplied for optimal and safe operation. Supplied cables have gone through rigorous testing to ensure compatibility.
- Do not attempt to disassemble the device. Any attempts to do so will void all warranties on this product. Do not attempt to remove or salvage batteries for other purposes.

SAFETY INSTRUCTIONS

Read all instructions and warnings prior to using this product. This device contains a Lithium-Ion (Li-Ion) battery. Improper use, storage and disposal may cause leaks, expansions and explosions that could lead to fires, health concerns, bodily injury and property damage.

- Upon the event where the device may be broken, shattered, or in any way physically compromised DO NOT USE.
- Do not dispose device into standard garbage disposal sites. Dispose of device at available Battery Recycling Sites after fully discharging battery. Not doing so may violate local disposal laws and regulations.
- NOTE: Opening of product and/or removal of battery will render product inoperative and voids manufacturer warranties, dispose of remaining product components in accordance with local laws.
- If unusual expansion is detected, disuse device immediately. In case of fire, use lithium approved “Class D Type” Fire Extinguishers on device.
- Do not expose or dispose of device into fire.
- In the unfortunate case of a leak and electrolyte comes in contact with skin, wash area with water and soap.

- If electrolyte makes contact with eyes, flush with generous amounts of water for 15 minutes and seek medical attention immediately. Avoid inhaling fumes if applicable. Do not attempt to reuse damaged device.
- Do not charge device with unspecified power source. Only use specified method of charge and reputable brand OEM chargers compatible with device specifications.

FCC STATEMENT

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.

CALIFORNIA PROP 65 WARNING

WARNING: This product contains chemicals known to the State of California to cause birth defects or other reproductive harm. For more information on these regulations and a list of chemicals, log on to the following website address: <http://www.oehha.ca.gov/prop65.html>

INNOVATIVE TECHNOLOGY ELECTRONICS CORP. LIMITED WARRANTY: 90 DAYS LABOR, ONE YEAR PARTS

Innovative Technology Electronics Corp. (IT) warrants the product to be free from "Defects" in materials under normal use for a period of "One Year" from the date of the original purchase. The Warranty is "Not" transferable. IT agrees, within the initial "90 Day" period, to repair or replace the product if it is determined to be defective at "No Charge". It is further agreed that IT will cover the cost to repair or replace damaged "Parts" only for a total period of "One Year" from the date of the original purchase. The warranty does not cover cosmetic damage, antennas, AC cords, cabinets, headbands, ear-pads, or damage due to line power surges, connection to improper voltage supply or settings, misuse, mishandling, accident, acts of God or attempted repair by an unauthorized service agent.

To obtain service, the purchaser MUST present an original sales receipt / proof of purchase. Please contact us at www.ithomeproducts.com to request an RMA (Return Material Authorization) number to return products for service or replacement. Returns without an RMA number on the package will be refused and returned to sender. Upon receipt of the returning item and our full inspection (IT) may issue a replacement to customer for the same item or of one that has equivalent value and features. To return an item, supply full name, return address, phone number, item purchased, receipt of purchase and reason for return to obtain RMA number.

All returns must be in the original packaging or reasonable substitute to prevent damage. Customer "Must" include full name, shipping address and telephone number inside of package. No return will be shipped back to a PO Box or APO address.

Please include your check or money order in the amount of:

- USD\$5.00 for items \$10.00 to \$39.99 (Price Paid Per Unit)
- USD\$10.00 for items \$40.00 to \$99.99. (Price Paid Per Unit)
- USD\$16.00, for items \$100.00 and up. (Price Paid Per Unit)
- Shipping fees are non-refundable

To be payable to Innovative Technology Electronics Corp.(for handling and return shipping charges) (IT) will not be responsible for delays or unprocessed claims resulting from a purchaser's failure to provide any / all of the necessary information. Send all inquiries or RMA request via our website:
